

PATROL CAB CHASSIS

The Nissan Patrol Cab Chassis is tougher and more powerful than ever.

Its 3.0 litre common-rail turbo diesel engine delivers 118kW of power and a massive 3,200kgs braked towing capacity.

Rugged styling features include a chrome front grille surround, side steps (on ST Coil only) and fenders. With dual SRS airbags, reinforced crumple zones and collapsible steering column, it's as safe as houses.

No wonder the Patrol Cab Chassis is the hardest worker in town.
