

PATROL

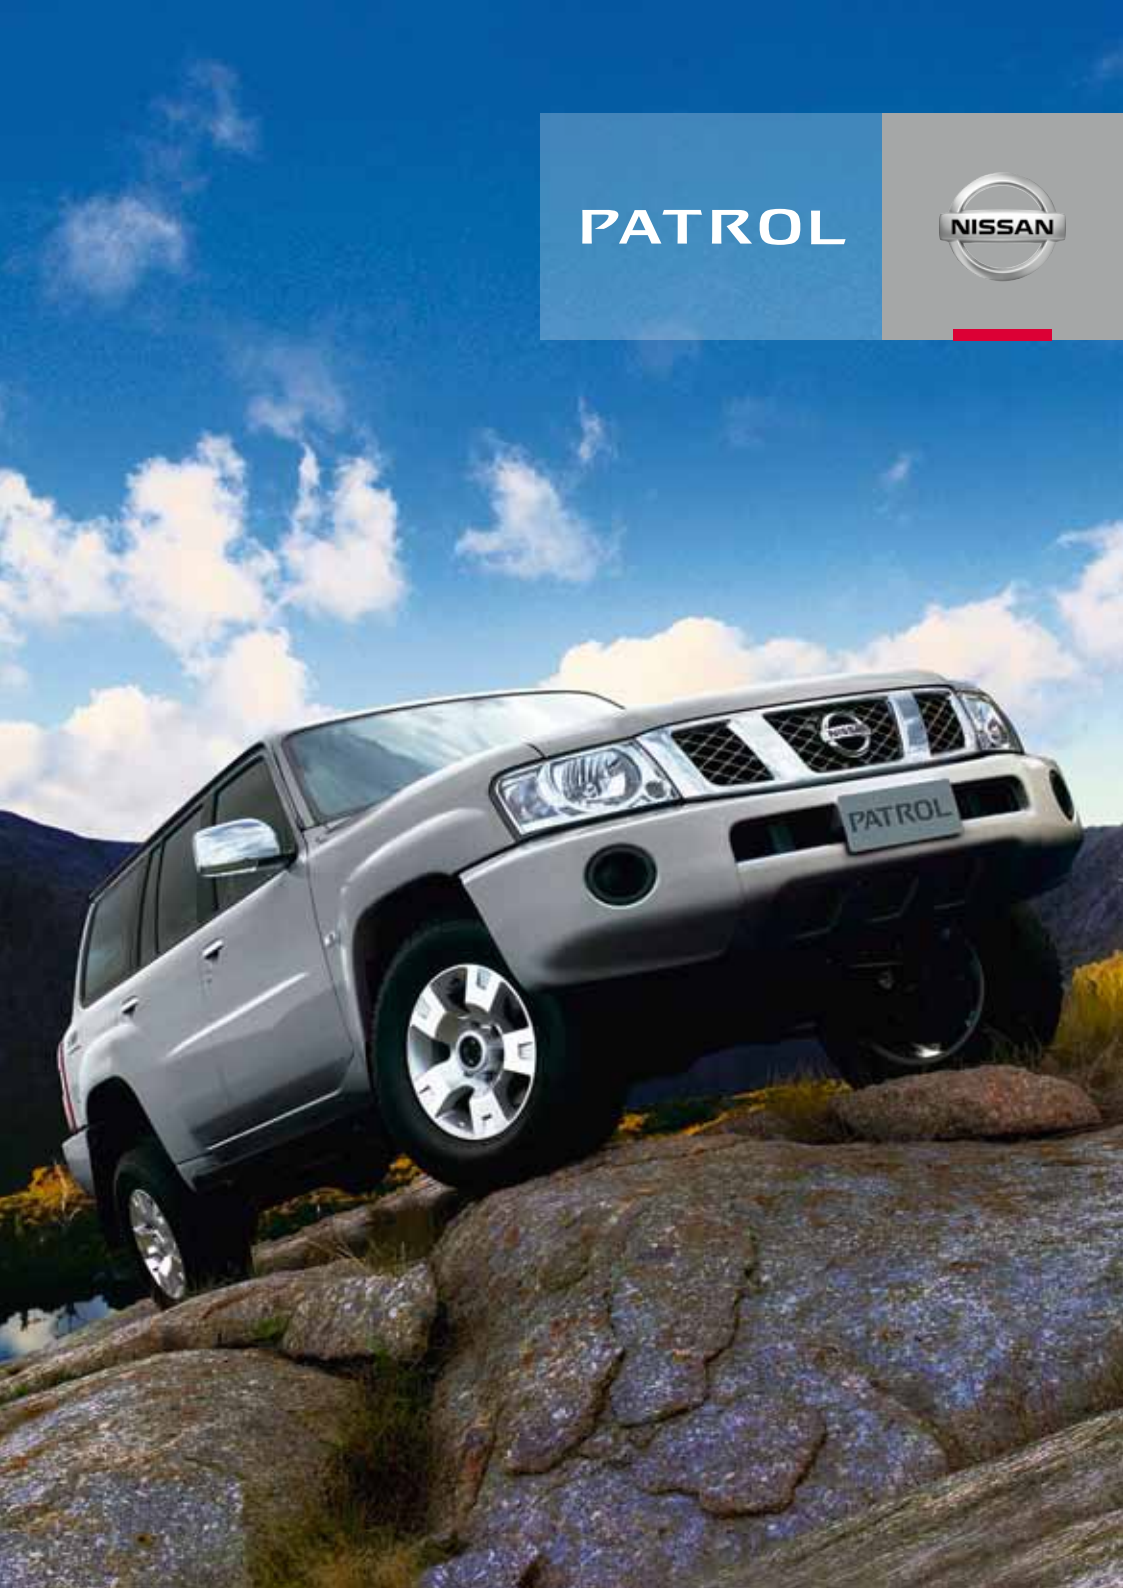

PATROL

The Nissan Patrol has reached legendary status. For over forty years, it has proved again and again that it has the toughness, integrity and reliability to survive in an inhospitable environment.

The latest range of Nissan Patrols offer cruise control as a standard feature on all models. And, if you choose the 3.0 litre turbo diesel Patrol, you'll be enjoying Patrol's latest generation common-rail technology.

For more information please contact the Nissan Customer Service Centre on 1800 035 035 or visit nissan.com.au

Genuine Nissan Extended Warranty	Opt	Opt	Opt	Opt	Opt	Opt	Opt

†Towing capacity is subject to towbar/towball capacity. The capacity may be reduced if a non genuine Nissan towbar is fitted. The permitted download is directly related to the laden mass of vehicle. At the maximum laden mass of the vehicle (Gross Vehicle Mass - GVM**) the maximum towball download is 200kgs.

Towball download	Loaded vehicle mass
200kgs	GVM** (all models)
250kgs	Reduce loaded vehicle mass below GVM** by 150kgs
300kgs	Reduce loaded vehicle mass below GVM** by 220kgs
350kgs	Reduce loaded vehicle mass below GVM** by 290kgs

If the loaded vehicle mass is reduced as shown in the table, the towball download can be increased correspondingly. Accordingly, if the laden mass is 290kgs less than the GVM,** a towball download of 350kgs is approved.

Different trailer types and different trailer manufacturers have varying towball downloads. The customer will need to contact the trailer manufacturer for information as to the download.

Nissan is not able to make any recommendation on the use or suitability of load-levelling or weight distribution devices to be fitted to the vehicle. Customers should contact the manufacturers of these devices for further information. Wide wheel option available - see your Nissan Dealer for further details.

**GVM includes the driver, 6 passengers ST, ST-L and Ti models, 4 passengers DX model, full fuel tanks and luggage.
